Below
 Matilda sofa and armchair in rattan-covered metal with loose muslin covered upholstery is a design well suited to the tropics. On the dark crocodile leather coffee table, the creamy translucence of abalone laminated chisel cut Verona marble vases complements dark eurycycles leaves. An all-purpose four-compartment box made of tobacco leaf and stained red is also on the table. On the wall is a recycled paper collage artwork and on the leather side table a bowl-shaped brown paper artwork — both by Tes Pasola. The standing floor lamp has a wenge wood base and white cloth shade. In the background, a huge chest of polished bamboo laminate has a deep red lacquer fruit bowl on top.
